March 16, 1942

The Executive Board of the N. J. Urban League met on the above date with 16 members present and the President in the chair.

Minutes of the previous meeting read and accepted with correction.

The Executive Sec'y reviewed correspondence carried on in connection with the observance of Brotherhood Week. He had been informed that bigotry of religious differences, not racial differences was the reason for the movement.

A letter from the Griffith Music Foundation and the Essex Co. Symphony Society requested that the League be represented at a meeting to be held Friday March 20th at 10:30 A.M. for the purpose of arranging a affair in honor of Mrs. Griffith. Motion by Miss Shepard seconded by Mr. Bannwart and carried that the League be represented by the president or if he is unable to go, by a delegate appointed by him.

The speaker for the annual dinner meeting, April 27th at the 2nd Pres. Church will be Pres. McLean of Hampton Institute, Head of the President's Fair Employment Practice Com. There will be music during dinner, but not during the formal program.

The Treasurer's report showed:

Receipts	806.96
Disbursements	784.83
Bank balance ~~April~~ March 1,	228.18

The Recommendations from Finance Com.

1. That the League appeal to the Federations of Orange and Montclair for a modest am't to supplement the budget

2. That the League participate in the sale

of tickets for the Stadium Concerts. Motion by Mr. Barnard that the Board concur in these recommendations. Motion carried.

The House com. reported small tables for rooms and minor kitchen equipment needed. The costumer and kitchen had been secured. Attention of the Board was called to the report of the Industrial Dep't and discussion followed on valuable time being lost by not having help enough to keep files in order and whether volunteer workers might be used and what work was necessary and what help available.

Mrs. Moorfield spoke on the Milk Hearing and Mr. Lell said he would attend if none of the Board members were able to go.

Miss Shepard as ch. of nom. Board stated that she felt that due to our Industrial Emphasis we should have some industrialists on our Board - some who are in the position of being able to make policies. Dr Parke suggested that Heads of firms might in some instances be willing to name some one in the firm who would serve on the Board.

To make the purpose aims of the League better known
It was suggested that a Board member might give a talk at some personnel group meeting. Mr Ormond was in favor of the Exec. Sec'y's going with a Board member because of his knowledge of the work and then leaving the meeting if further discussion might be desired.

There being no further business the meeting was adjourned.
